DearCEO,

We are a foreign trading company in Yunan, China. We want to purchase building materials and construction parts for our European-style villa complex. We have learned that you can manufacture Wood flooring. We are very interested in the products. If you are interested in opening up the Chinese market, please reply us with the model, detailed information and the price of this product(FOB or EXW is preferred) as soon as possible so that we can carry out the next step of cooperation. China's market is very big. Hoping that the we can establish a long-term relations of cooperation.

Best regards,

Yours sincerely

Yuan he
