Dear Manager

How are you doing today ?

The below **HID Rugby Corn light** or we called **led corn light** sells crazy in the market!

The design is Very similar with mercury lamp .

140lm/W, 330° beam angle, used in enclosed fixture,

for 11 Different indoor and outdoor Applications!

- 25W-125W, lamp efficiency 140LM/W, replace 100W-700W mercury lamp.
- Can be used in ENCLOSED FIXTURE;
- E27/E40 base optional;
- 330° wide beam angle, more closer to HPS lamp;
- Unique design for heat dissipation;
- Shockproof and Anti-shedding design;
- Design lifespan over 50000hrs.

Wattage	Replace Mercury Lamp	Luminous	Efficiency	Weight	CCT	Input Voltage	5000K(3000K 4000K optional)
60W	250W	8400lm	140lm/w	1.2kg	Base Type	AC100V-277V	
75W	300W	10500lm	140lm/w	1.2kg	Dimmable	E39/E40	
100W	400W	14000lm	140lm/w	1.3kg	IP	Non-Dimmable	
125W	700W	17500lm	140lm/w	1.3kg	CRI	IP65	
					Beam Angle	Ra85	
					Average Rated Life	310	
					Coverage	50000	
					Operating Temperature	5Years	
						-30℃~+60℃	

If you need more information and price , pls let me know.

Sincerely and Kind Regards

Nancy
