Dear Sir or Madam,

Nano waterproof LED strip we provide. If you are worried that the glue will be yellow and delivery charge is too high. Best choose is Nano waterproof LED strip.

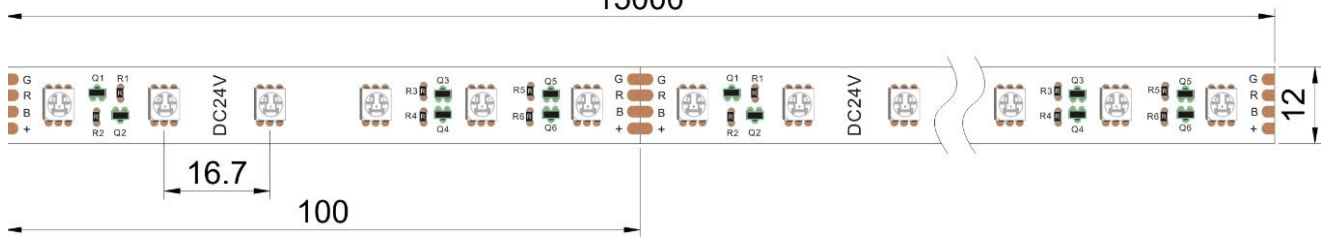

Constant Current RGB LED strip is our newest LED strip which can solve the problem which the brightness is not same from head to end. They can make sure 15meter led strip color and brightness is same. The information as follow:

* 15Meter/Reel 165Watt/Meter Constant Voltage DC24V Driver can support 15meter

*Apply to Constant voltage RGB controller and Amplifier

*12MM White PCB with good heat Dissipation

15000

Please feel free to contact me if your business need them. Any reply will be appreciated.

Charlie
