Hi,

We shall share a good news with you. In order to meet the huge demands of diversifying market, we have designed a **new economic 9" touch screen wireless camera kit** and will launch it in the market by the end of Aug. of earlier of Sep.

Comparing with our current hot selling 9" wireless system, we make this new system with different chip project, but keep almost the same functions, while the price will be much cheaper (around 30% lower than old system). We believe the competitive price will bring more market and business for you.

**Unique product in China!**

*4 in 1*

- 9" Touch Screen LCD Monitor
- 4ch realtime HD 720P Recording and Playback
- Built-in HDD Slot (Supports 2TB HDD max.)
- SD Card slot (128G max.)

**9" TOUCH SCREEN WIRELESS CAMERA SYSTEM**

Attached is our price and specification for this model.

Sample order is welcome to place in advance, so that we can send it to you earlier and first once we have it done. That means we will arrange the first lot of samples to those whom place order with us firstly.

Thanks with best regards,

Noah / Kelly
