Dear Friend,

Good day.

As you know, we are professional manufacturer of LED Explosion proof light, with about 10 years experience.

Dear, a good news, we just got the HAZLOC DLC List this month, and we are the first one who got it in China,it will do much help for you to apply the premium rebate. Also, for the C1D2 UL844/DLC listed fixtures, we are doing some upgrade as below:

1. LED Chip: For the new fixtures, we are using the LM80 certified 3030 Bridgelux LED instead of 3535 LED, the lumen for whole lamp above 115lm/w.
2. Reflector: Adding the white reflector, the light will be more focused and the light loss reduced, and with higher light efficiency.
3. Hazloc DLC listed: The new fixtures with Hazloc DLC listed.
4. Price: The price for the new fixtures will be much favorable, and lower about 13~15%.
