Hi dear friend,

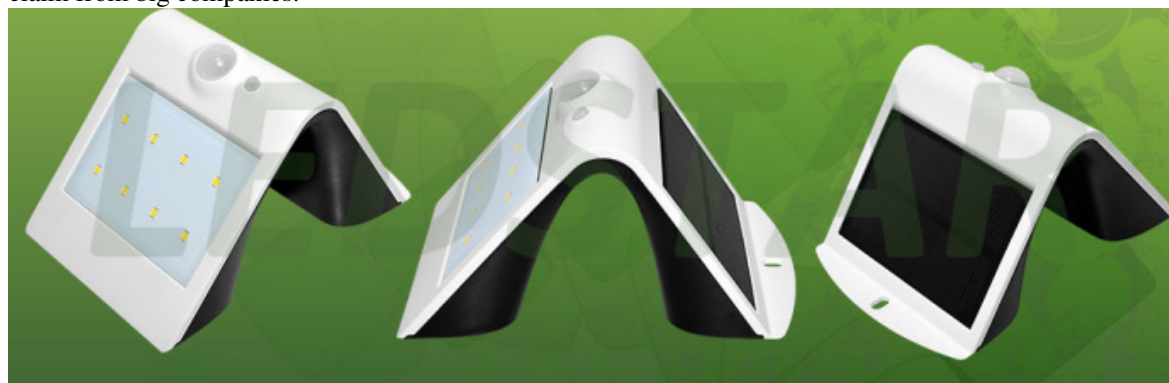

What a wonderful product! A Solar LED Wall light to win more business for you!

Best retailing item
Solar powered
ZERO electricity cost
Auto on/off motion sensor
Cordless for outdoor security
1.5W 200lm bright

Good things happy to share, let's share more amazing features as below:

1.Exclusive design with global patent protection.

With LEDSTAR international patent, you can easily sell this product to every corner of the world without any potential claim from big companies.

**2.Unique Front + Back Light**

The back light is warm 3000K , front light 6000K, what a beautiful combination!

**3.Three different colors for your choice**

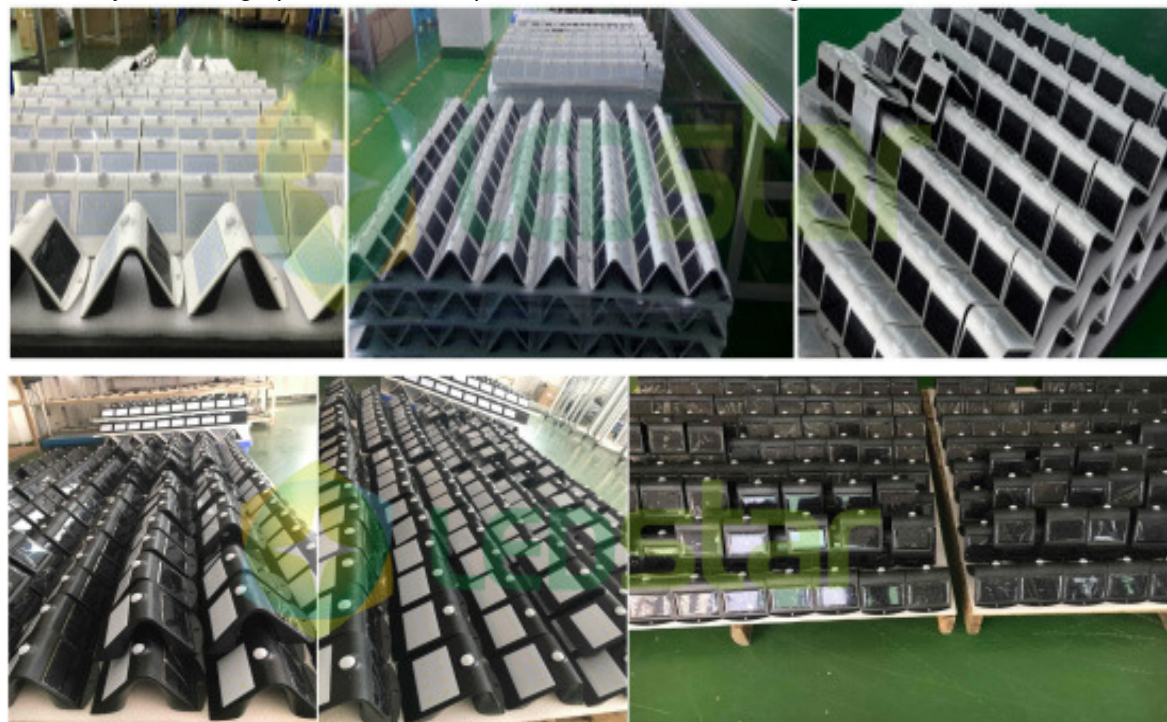

4. Attractive package

Our delicate packing design will attract more clients for you, all accessories included, direct to install and enjoy this new lighting! Importantly, more customized package ideas welcomed!

5. Fast delivery time for your support!

Now, they are in large production. Samples available to be sent right now!

We prepared everything well to support our clients.

Sample order → regular order → large order → sole agency. Only a good product can help us more.

Waiting for your further inquiry.
Kind regards,
Ledstar

If you don't want to receive this mail, pls mail me, will unsubscribe immediately, thanks!

Notes:

We already got 13 types of global & domestic patents for all above Solar LED lights, forbidden to copy!
If any counterfeit found, welcome to report to us, we will strictly investigate for its legal responsibility and protect our customer's market well !
