Hello Dear friend ,

How are you ? longtime not hear from you , wish you happy every day .

Last time we recommended our new street lamps to you

30w-200w ,

30W-60W , also can be made with a solar panel

. the price is very competative , whether your customers have interest in them ?

Our LED solar wall pack are sold quite well in Amazon , do you also have business for these lamps

? now this model is most popular one

<p>HB-SWL6W</p> <p>Popular one</p>		<p>Power : 6w radar sensor Lumens: 860lm Epistar 2835 LED 48pcs Lamp Size :206*106*79mm Solar panel: 5V 2.5W Battery : 3.2v 3000MA Cartoon size : 575*440*380mm 40pcs</p>	<p>\$13.5</p>
--	---	--	----------------------

we send the price to you , thanks for checking it .

Looking forward to your reply ,

Yours Sincerely

Murray
