Hi my friend,

Smallest LED injection module with lens just on sales in OBOER, please check as below:

OB-00MPG1-70: 1-SMD2835 DC12V 0.36W(Original Epistar Chip) 36lm/pcs IP68

**Three Big Selling Point:**

- **Smallest size of module with lens, just 12x10x9mm**, suitable for most mini letter lighting
- Stable quality ensure, 5 years warranty with CE, RoHS, UL certified(UL No.E486188)
- Waterproof performance can arrived IP68, used under water is no problem

This module will be a hot sales type in the busy season, samples can be required anytime.

Any ideas you want to customize, we will help you make it real :)

---

Best Regards

Aimee
