The lowest price is not always the best value for money. If you want reliability and quality from your suppliers, you'll have to decide how much you're willing to pay for your supplies and the balance you want to strike between cost, reliability, quality and service.

SHEENLY LIGHTING CAN DELIVER WHAT YOU REALLY WANT.

SHEENLY LIGHTING PRODUCTION CAPABILITY

WHAT YOU SHOULD LOOK FOR IN A SUPPLIER?

You think the cost is too high?

You may have used a lower quality, cheaper material to save money, and upon completion, were satisfied with the result. Unfortunately, over time, the project did not look as nice as it did at first.

In Sheenly, we offer you competitive price and also total quality commitment.

You are satisfied with the quality of your supplies?

We offer you a solid quality commitment:

- 5 times quality check on each product;
- Experienced for lots of world famous

customers;

- Patented LED products are also certificated by ENEC, ETL, ERP.

Are your suppliers punctual?

With the help of the larger space manufacturing plant, we start to stock more than **1 Million USD** for both samples and standard products every month, so that we can be always deliverable in short term.

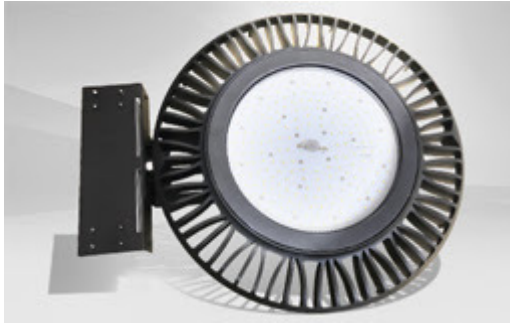

You are looking for high quality customer service?

- We offer 24 hours strong service and clear communications;
- Regularly inform you of new products and services that might help improve your business;
- Reliability of financially secure, the goods in good condition, etc.
